

INVITATION

LivaNova VNS Therapy™ Symposia

The Vagal Nerve Stimulation (VNS) Pathway - Moving to a Day Case Model

BADS 2025 conference
Friday 20th June

Please join us for the LivaNova VNS Therapy™ Symposia at the BADS 2025 conference - “The Vagal nerve stimulation (VNS) pathway - moving to a day case model”.

Mr Razak and Lorraine Laws will speak to the benefits for the patient, hospital and wider healthcare system - streamlining and improving patient care, reducing cancellations, and optimizing healthcare resources.

The challenges, solutions, and lessons learned in shifting VNS procedures out of main theatres and into a high-efficiency day surgery will be showcased.

Real-world insights into transforming surgical pathways will be shared. Whether you're a clinician, hospital manager, or service lead, this discussion aims to inspire and equip you with practical takeaways.

Join us

Main Auditorium

Friday 20th June 2025

1.20-1.50pm

The Faculty

Mr. Adam Razak

Consultant Neurosurgeon,
Hull Teaching Hospitals Trust

At the forefront of
advancing day-case
VNS surgery

Lorraine Laws
